Experience »

Evaero Corp. - Assistant Web Developer / Multimedia Designer / Apr 2014 - Jan 2016

✚ Designed and developed websites, staff pages, video/photo galleries, and landing pages for the mental health and addiction industry.

✚ Modified contact forms, sliders, galleries, and designed branded templates for email blasts using mailchimp and constant contact.

✚ Took lead in design/development briefings with our clients and assisted senior developers in project planning to ensure quality and a friendly experience.

✚ Supported senior developers by creating graphics and html/css structure for specific website projects.

✚ Modified wordpress themes/databases using PHP and MySQL and managed weekly blog posts by writing specific queries.

Christrio Corp. - Graphic/Web Designer / Multimedia Specialist / Aug 2013 - Apr 2014

✚ Redesigned the company's branding, website, and online catalog to fit industry expectations.

✚ Designed ads that emphasized a product's features or uniqueness by formulating concepts that conveyed simplicity, modernism, and luxury.

✚ Filmed and edited video tutorials that demonstrated the proper usage of a product. This process included animated transitions and unique audio composition.

Trinnovations - QA Software Tester / Graphic Designer / Feb 2010 - Jan 2013

✚ Designed user interfaces and collaborated with web developers on the functionality and visual direction to a website.

✚ Designed graphics such as: logos, vehicle wraps, business cards, menus, etc.

✚ Composed regression testing documentation and testing scenarios that extensively checked for functionality, user-friendliness, security flaws, browser compatibility, and data accuracy to existing/new websites.

✚ Reviewed, approved, and rejected client's requirements for additional functionality to an existing system or website.

Education »

✚ Mt. San Jacinto College / AA in progress. Grad Year 2016
